<http://www.bajajplastic.com/>

Being as a professionally managed manufacturer, supplier, wholesaler and trader of PVC and Extrusion Granules, our range sustains a number of impressive features and specifications. These products stand high on quality parameters and functionality.

About Us

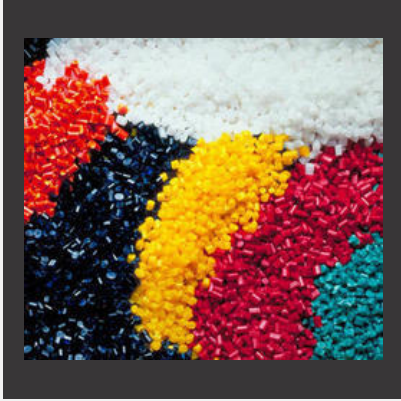

We, "**Bajaj Plastic Industries**", have established ourselves in the year **1973** with an aim to deliver top quality products. Working in the domain of traders, suppliers, manufacturers, wholesalers of a quality sorted range of PVC and Extrusion Granules, we are able to cater as per the variegated contingent needs of our clients. Our range of products comprises Filter Granule, Block Granule and Plastic Granule. Complying with all the industrial norms & guidelines all of our products are excellent in performance, precision and dimension. Our technical experts use innovative methods to manufacture the provided range and leave no chance for errors & defects in provided range.

Additionally, through our immense domain expertise & experience we have earned around millions of satisfactory clients in the entire nation. Today, many big brands are associated with us they prefer us for our quality, punctuality and accuracy in production methods. Similarly, the production team hired by us fosters breakthrough hard work & expertise to meet with the given production deadlines and customer satisfaction. Being as a reliable business enterprise, we have made clear strategies to attain high level of reputation in the industry in a diligent manner.

We have gone through many ups & down in our journey for success, on this way the assistance given by, "**Mr. Venkatesh Bajaj**" and "**Mr. Kamal Bajaj**", has helped us a lot in achieving the desired standards. In their supervision our firm has made a number of milestones which further helps us to attain clients all across the nation.
